

Guide to The JBA Complaints Procedure

Review date	11/09/2023
Revision number	11.0
Document reference	06-004

Document purpose

This document sets out the Complaints Procedure of JBA Group Limited and its subsidiary Operating Companies, collectively known as 'JBA'.

Our aim is to exceed expectations, but we recognise that occasionally, despite our best endeavours, we may not always meet expectations. We strive to approach, respond to, and learn from any complaint in a full, fair, and consistent fashion and to help us achieve this, we operate a documented system for responding to complaints.

Need to complain?

If you have a contract with JBA and are unhappy with the service or data you have received or are unhappy with an action or lack of action made by JBA, our staff or our sub-contractors, please contact our Project Manager in the first instance and advise them that you wish to make a formal complaint. If you need to escalate your concerns, please contact our Project Director.

If you do not have a contract with JBA but are unhappy with something we have either done or not done, please use the relevant contact details provided below to contact us.

Our process

Upon receiving your complaint, we will identify a senior person within JBA to respond to it. We will send you an acknowledgement within five working days which will identify who is looking into your complaint. Any confidential issues will be handled in an appropriate manner. Within 15 working days of the date of our acknowledgement, we will send you either a full response or, if more details or further investigation are required, a progress report. Where possible, we will include our full response within our initial acknowledgment to you.

If your complaint relates to data you have been provided by a company other than JBA, any complaint made to JBA will be referred to your provider.

If you are not satisfied with our reply, please write to our UK Skipton address. Arrangements will be made for a further review to be carried out at Operating Company Board level, or for the appointment of an independent arbitrator.

In the event of any conflict between this procedure and the terms of any contract that you have signed either directly with JBA, or via an organisation that supplies you with access to JBA's data or services, the terms of the contract you have signed will prevail.

In line with our Dignity at Work Policy we will not tolerate aggressive or violent behaviour towards our staff and any complaints should be made in an appropriate manner.
